

Traffic Continues To Set Records On U. S. 40 Into State

Truckee Station Far Ahead Of Mark Set Last August

Although there was a decline of approximately 2000 vehicles entering California through Truckee during August as compared with July, the record by the state department of agriculture shows that there were 11,644 more cars entered the state on U. S. Highway 40 last month than during August 1955.

Only one other quarantine station, Yermo, with 83,638 cars surpassed Truckee's total of 79,843 cars, 4238 commercial vehicles and 849 buses, carrying a total of 260,721 people.

Meyers on Highway 50 reported a gain of 7517 cars this August over the same month last year, with a total of 33,165 cars, 341 trucks and 70 buses, with a passenger count of 97,945.

SACRAMENTO (CNS)—August travel into California indicated 1,651,294 persons entered the state by automobile, bus and trucks, the state department of agriculture announced.

Of these 873,090 were from states other than California, the remainder being residents.

Foreign automobiles, that is, cars with out-of-state licenses, totaled 237,104 and the California cars returning to the state totaled 296,682, bringing the grand total of automobiles crossing the border westward to 533,786.

The influx represented an increase of nearly 200,000 people, and about 68,000 automobiles over August of 1955, the department said.

APPOINTMENTS FOR SANITARY BOARD AS NO ONE FILES HERE

Since no one filed for the two vacancies on the board of directors of the Truckee Sanitary District, the Nevada County Board of Supervisors will be asked to approve the appointment of the two incumbents at the next meeting.

Those whose terms expire are William Curran and Robert Siebold, who will continue to serve as in the past.

Other members of the board are Charles Osburn, James McIver and Joe Mattos.

At the last meeting of the board, the petition from residents of the Gateway Park subdivision for annexation to the district was read and the board is currently studying the boundaries and other details before making a definite decision, J. J. McGlade, district clerk, declared.

DAYLIGHT SAVING TO END ON SEPTEMBER 30

Another bit of confusion is in store for the people of California on September 30 at 1 a.m. when they again go on standard time. Mechanically, it's a simple process. All you need do is set your clocks and watches back an hour and there you are.

For a while, however, it will be necessary to adjust to the changes. You can stay up an hour later than usual and still go to bed at the same time you do now. You can lay abed an hour longer and get up as you are accustomed to do at present.

What all this will gain anyone is a matter for argument. Nothing will actually change except the clocks and watches and a few dispositions.

Man Known Here Killed In Accident At Hood

Local friends of Edgar Meade Simpson, 76-year-old Hood rancher, who frequently visited here with his niece, Mrs. A. P. Leitch before the latter left with her husband to make their home at Placerville, will regret to learn of his tragic death Monday.

Simpson, a prominent rancher and horseman of the Hood area, was thrown from a wagon pulled by a team of runaway horses. Simpson and his son, Edgar, Jr., were breaking a colt with an older horse when the accident occurred.

Guests From Colorado—Mr. and Mrs. Gus Benjamin had as their recent guests, Mr. and Mrs. Lloyd Jones and Mrs. Henry Benson, all of Grand Junction, Colo.

AT COLLEGE—Erwin Single, son of Game Ward and Mrs. Erwin Single, has enrolled in Sacramento State College. Previous reports that the young man had entered the navy, were misleading.

RETIREES—SACRAMENTO (CNS)—The state division of highways today announced retirement of George S. Pingry as assistant chief of right-of-way man, after 29 years of service with the state. He will be succeeded by Rudolph Hess.

Last Rites Held At San Francisco For Dorothy O'Rourke

Requiem High Mass for Mrs. Dorothy O'Rourke, who expired Saturday morning at a San Francisco hospital following a prolonged illness was held Monday morning at Saint Bridget Church in San Francisco. Rosary was at the Carew and English Chapel Sunday night at 8 o'clock and interment was in Holy Cross cemetery in San Mateo.

Mrs. O'Rourke, wife of former Tahoe Truckee Unified School District Superintendent Everett V. O'Rourke had been undergoing treatment for many months and while her death was not unexpected it came as a shock to her legion of friends in this area where she had resided for seven years.

The deceased was a native of San Mateo County. She spent her entire life in California and prior to coming to Truckee had been a resident of Woodland.

She is survived by her husband, now superintendent of the schools in Belmont; three sisters, Mrs. Grace Schram of Truckee, Mrs. Nancy Stansfield of Seattle, Mrs. Gloria Dunston of Redwood City, and one brother, John Gittins of Burlingame. A son, Michael O'Rourke, serving in the army has been recently stationed at Reno.

The entire district was saddened by the untimely passing of Mrs. O'Rourke and will join in extending sincere sympathy to the surviving members of the family.

O'Rourke resigned his position here two months ago so that he could be near his wife in the hospital.

Fred Schultz Will Head Tahoe Group

KINGS BEACH—Fred Schultz of Kings Beach has been elected president of the Lake Tahoe-Sierra Chamber of Commerce to succeed Don Huff of Homewood who has successfully guided the booster organization during the past year.

Schultz, a prominent civic leader at North Tahoe, will be assisted by Shuler Bland of Bijou as vice-president; Stan Meyer, secretary-treasurer; Mrs. Pete Bennett of Brockway; Frank Vernon, Reno, Mrs. Ray Kinsley, Camp Richardson; Ernest Pomini, Tahoe Park and Huff of Homewood, as directors.

The new office will be located at Sista Pines at Kings Beach and the new telephone number for the chamber is Liberty 6-2736.

The chamber is currently working on a visitor's guide which Schultz said he hopes to have ready for distribution early next spring. Other advertising plans are being made as the new president assumes the duties assigned him.

OFFICIAL INSPECT OLYMPIC LOCALE

Inspection of the site for the 1960 winter Olympic games at Squaw Valley was being made today by a group of state officials, headed by Prentice Hale, president of the Organizing Committee.

Included in the group were Alan Bartholemey, executive director and Bill Henry, Los Angeles, member of the organizing group; Bill Corlett of the engineering firm making the permanent plans for the facilities; H. D. Thoreau, executive secretary and P. K. Macker, public relations executive, representing California Olympic Commission. A set of new plans has been drawn up for presentation at the Melbourne meeting in November.

Jan Kishbaugh Given Shower At Party Here

Members of the Monday Card Club, with their hostess, Mrs. John McGlade gave a shower for Jan Alberta, infant daughter of Mr. and Mrs. Lynn Kishbaugh. Due to the hour, her mother accepted the gifts in her behalf. Cards were played until refreshments were served.

Combined Party—A combined open house and birthday party was given by Mrs. Fosten Wilson on Tuesday evening, complimenting her husband, Judge Fosten Wilson. The family has recently moved into the former Barber house.

Need For Zoning Is Stressed Here At Chamber Meet

Planning Group Is Asked To Lend Assistance In Program

The urgency of having a necessary ordinance effective by the time construction work begins next spring was emphasized at a meeting of the Truckee Chamber of Commerce and the Nevada County Planning Commission at the high school here Thursday evening.

At the present time a temporary restraining ordinance is in effect, but it is declared unsuitable unless a zoning program is created and a new ordinance framed to meet the needs and expected conditions.

It is proposed to zone the district from east of Truckee through the Donner Lake area and thereabouts.

The need for such an ordinance the summit to Cisco or thereabouts was shown after the award of the 1960 Winter Olympics to Squaw Valley. It is expected that scores of undesirable structures may line the highways unless action is taken to prevent such an influx. Already too many such establishments are being operated in the region, spokesmen declared in urging immediate action to bring a halt to the unsavory condition.

Hal Welch, president of the Truckee chamber, which is sponsoring the zoning ordinance, has been active in designing the areas to be zoned and preparing the necessary maps. He urged the planning committee members present to lend all possible support.

Particular emphasis was placed upon the necessity for zoning and regulatory measures in the Donner Lake and Truckee areas.

Welch declared, following the meeting, that plans for zoning would be accelerated so that legal protection will be available by spring.

THEFT OF AUTOS IS CLEARED UP WITH ARREST OF 2 BOYS

With the arrest of two Sacramento teen age boys at Hawthorne, Nev., Saturday the theft of four cars, including one owned by James E. Walker of Truckee was cleared up.

The boys, ages 15 and 16, admitted, according to word received by Sgt. Frank Snyder of the California Highway Patrol, stealing a 1950 car in Sacramento which they drove to Soda Springs. There, police learned, they abandoned one and took a second which they drove to Truckee exchanging it for the Walker car.

With the local machine they went to Yerington where they again made a switch, taking the fourth car to Hawthorne where they were finally apprehended. The Walker car was returned from Yerington, little the worse for wear. The thieves had started the motor by using a paperclip for an ignition key.

WOMAN RELEASED IN LAKE TAHOE SHOOTING

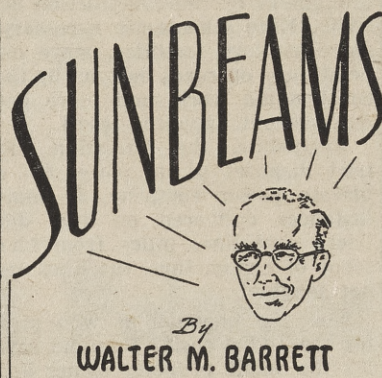

AUBURN—Mrs. Louis Epps of Kings Beach, Lake Tahoe, was released from the Placer County Jail in Auburn where she was held for investigation of assault with a deadly weapon upon her husband, Charles.

Mrs. Epps admitted to Sheriff William Scott that she had shot her husband accidentally while he was showing her how to use a gun. Previously she had said that Epps shot himself.

Epps, who agreed with his wife's story, was moved from the Tahoe Forest Hospital in Truckee, to the veterans hospital in Reno, and is reported improving. The shooting took place early Monday morning last week in the couple's trailer home near Kings Beach.

Mrs. Epps was released from jail Friday.

FISH MEETING—SACRAMENTO (CNS)—Assemblyman Frank Belotti, Eureka, chairman of the interim committee on fish and game, said the full committee will meet in Eureka October 17.

The opening of the deer hunting season Saturday will be a lot of fun for everyone—except the deer—lived up to. There will be hundreds of men with guns wandering through the forests Saturday and throughout the season. Most of these men will use common sense and be careful, but there will be a few who will not and some may take a pot shot at everything that moves, be it a deer, a cow or even a man. The good hunter takes extreme care with his firearms, his campfires and cigarette butts but we cannot expect all hunters to be good, so we would like to caution those good hunters to expect the unexpected from the few and take care. Reporting violations will be appreciated by the good hunters and officials alike and may have a tendency to keep the careless killer out of the woods until he learns what to do.

We watched a car speed by a school bus this week in spite of the fact that the flashing red lights on the bus were operating. How can these people be taught? Passing a bus without the flashing lights is taking a chance, but we thought everyone with sense enough to drive a car would obey that important law.

Hospital Is Given National Notice

The Tahoe Forest Hospital has received a letter from Edwin L. Crosby, M.D., director of the American Hospital Association, stating that the hospital had been accepted for listing in the official directory of hospitals published by the association.

It was announced that this action will appear in a future issue of Hospitals magazine, the official journal of the American Hospital Association.

This action was a direct result of the inspection recently conducted by LeRoy Bates, M.D. Dr. Bates surveyed the hospital to determine if it met the requirements of the Association for listing in the official directory, during August, 1956.

The hospital staff is pleased with this action by the association. It is another step toward receiving official recognition of the improvements made in raising the standards of patient care at the hospital.

The staff and the administration are currently working toward obtaining accreditation for the hospital from the American Medical Association. There is much effort being expended to achieve this end, and it is hoped that it can be accomplished in the not too distant future.

Great Books Discussion Group To Meet Sept. 26

The next meeting of the Great Books Discussion Group will be held at the library in the high school at 8 p.m. Wednesday, September 26. Leaders in the discussion on Milton's Areopagitica will be Mrs. Pat Woodard and Mrs. Rowena Cincotta.

BROCKWAY THEATER STAYS OPEN NIGHTLY

Another sign of fall is evidenced in the closing of the Tahoe Theater at Kings Beach after a busy summer season. Mrs. Ervina Shattuck has announced that the theater will remain closed until next spring and that she plans to spend the winter at San Jose where she has purchased a home.

The Brockway Theater, operated by Jack Neugebauer, is remaining open with one show nightly starting at 7:30. The box office opens at 7:15. Neugebauer said he will continue showing first run pictures just as long as patrons desire.

Wolverines Lose First Game; Will Play Here Sept. 29

Douglas Wins First Game In Three Years At Season Opener

The Truckee Wolverines suffered their first loss to the Douglas Tigers in three years last Friday night in the conference opener, 12-0. It was a typical first-of-the-season game, as both clubs were stopped time after time by rule violations, penalties and miscues.

The Wolverines got their first big break following the kick-off, as the Tigers fumbled on their own ten-yard line on the third play of the game. Eager Wolverines pounced on the loose ball, and on the first running play, Halfback Dean Holbrook went over but for no avail as an off-side penalty nullified the score. Four successive penalties on Tahoe Truckee then followed, finally ending as the Tigers held on the two-yard line.

The game broke open later in the initial period as Fritz Smokey, Tiger quarterback, took a Tahoe Truckee punt and raced up field for 80 yards and 6 points. The try-for-point failed and the half ended with the Wolverines trailing by six.

The third and most of the fourth period saw both Western Nevada "A" teams battle between the goal lines, with neither team able to penetrate beyond the ten-yard stripe. But with only four minutes left to play, Douglas Fullback Allen Plimpton pulled off a beautiful left end run, with no interference merely outran the Wolverines for 20 yards and a second TD. The conversion attempt failed and the final score was posted, showing the Tigers from Gardnerville to be the winners by 12 to 0.

For the Wolverines, it was simply a case of inexperience and lack of backfield power. Floyd Cooper at quarterback, Linemen Tom Sheehan and Kit Schull, Ends Dave Rickert and Captain Bob Trask and Halfback Ken Osburn all turned in fine games. The loss of Captain Trask in the first half was a definite hindrance to the Wolverine offense and defense, and with the return of End Doug Cooke in a couple of weeks, Coach Stan Drakulich's club should become a real threat to any team, particular in the passing department. Cooper's throwing, although slightly off in this game, proved that there is terrific potential in that phase of the game.

Home September 29 Tahoe Truckee is idle this weekend, as they prepare for the first home game of the season scheduled for September 29. The Wolverines will host the Winnemucca Buckaroos on that afternoon, with the game time set for 2 p.m. The Buckaroos trimmed the local club last season, 52-18, and the boys in cardinal and white will be out to avenge the defeat. A large crowd of local fans is expected for the game in order to see the 1956 Wolverine Varsity in action.

FUNERAL SATURDAY FOR JOS. F. BERVID

KINGS BEACH—Funeral services for Joseph F. Bervid, 46, a resident of Kings Beach for the past year, will be held Saturday at 2 p.m. at the Community Methodist Church with Rev. Earl Langguth officiating.

Bervid expired Monday night at the Veterans Hospital in Reno where he had gone for surgery.

A former resident of southern California, Bervid had gone to Lake Tahoe for his health. He is survived by his wife and three children.

PTA GROUP PLANS FOOD SALE FRIDAY

A sale of home prepared foods, including tasty hot dishes, salads and pastries will be held at the same time in Duane's De-Nut Shop on Commercial Row and Z Market in the Gateway Park Shopping Center at 10 a.m. tomorrow, sponsored by the Truckee Elementary School PTA members.

Mrs. Ken Maynard and Mrs. Charles Vind are the chairmen of the sale, assisted by the room mothers of the organization.

Hunting Prospects Outlined By State Fish, Game Dept.

The department of fish and game at Sacramento has released a "prospect" report for the opening of the deer hunting season in this vicinity.

The report for Nevada, Placer and Sierra counties were given as follows:

Nevada—About average kill anticipated, with no particularly heavy concentrations noted except along Highway 89 between Truckee and Tahoe City. Castle Peak, Carpenter Valley, Sage Hen, Hobart, Dog Valley, Martis and Cold Stream areas fair to good. In eastern Placer County Squaw Valley, Five Lakes and Diamond Crossing good. Usual fire hazard.

Placer—Hunting will be good, and deer appear to be in good shape. Best bets are at Wabena Creek, Texas Hill area, and all through the lower foothills. Gray Horse Valley should be good. Fire hazard extreme throughout county. (See Nevada for eastern Placer.)

Sierra and Southwest Plumas—Deer numbers about the same as last year in eastern Sierra and some moving to lower elevations. May not be seen in usual places until later because of good water supply. Very little posted land. County ordinance prohibits smoking in timber, brush and grassland.

Changes Made At Local CHP Office

Effective last Monday, the two-way radio system for the Truckee squad of the California Highway Patrol will be operated on a 16-hour day, seven days a week at the local office.

Sgt. Frank Snyder, in charge of the office here, said Mrs. Ruth Holleman and Miss Evelyn Stinchfield, both of Truckee have been employed on a temporary basis pending the required civil service examination, to operate the equipment. They will be augmented by the clerk at the office, a position now held by Mrs. Lattie Patterson.

However, Mrs. Patterson has been advanced to the patrol's headquarters at Sacramento, effective September 24, and her duties will be taken over by another assignment as yet unannounced.

Still another change announced by Sergeant Snyder for the local squad is the transfer of Patrolman Roy Stallard to San Mateo County effective October 5th. Stallard has been a member of the squad here for many years and is well known throughout the district.

Sergeant Snyder said that Stallard will be replaced here but he has not been advised who the new officer will be.

The new radio system will provide service from 8 a.m. to midnight each day and will keep all officers on patrol in constant communication with the office here as well as with each other and with the Sacramento operations center.

Gifford Petition For Subdivision Delayed

The board of supervisors delayed until October 1, a petition by I. O. Gifford of Truckee for acceptance of his Cottage Grove subdivision two miles west of Truckee. Gifford requested allowance of a 30-foot entrance in lieu of the 60 feet required by ordinance.

Assistant District Attorney William Cassettari said that although the ordinance sets a 60-foot entrance, the board does have discretion. He pointed out that by changing terms of the ordinance, the board may set a precedent.

Approval Is Given For New Lodge At Valley

The Placer County Planning Commission has approved the rebuilding of Squaw Valley Lodge which was recently destroyed by fire, subject to receiving more detailed plans of construction.

The lodge will be on the same site as the one which burned and will contain about the same floor space. It is proposed to be designed along lines in keeping with the structures for the Olympic games in 1960.

Date for the opening the new lodge has been set for Thanksgiving by Alex Cushing, manager.

Busy Session Held As School Board Discusses Items

Decision Reached On Many Items As Building Plans Made

The first meeting of the governing board of the Tahoe Truckee Unified School District since the opening of school was a busy one and the following subjects highlighted the session last week:

1—The board voted to notify the Pacific Telephone Company it wished to discontinue the school bus telephone service which they held has been unsatisfactory. The matter of a contract with the company is being studied. Cost of operating the system is approximately \$1000 a year.

2—Employment of three long-term substitute teachers—at Truckee, Kings Beach and Tahoe City—approved.

3—Resignation of Glen Parson as bus driver on Donner Summit reluctantly accepted and Henry Lane employed to replace him.

4—The following people were employed in various capacities by the district: John Goldsmith, high school custodian; John Rael, bus driver; Edward Fischer, custodian, Truckee elementary school; Mrs. Jayne Glass, cook at Donner Trail school; Mrs. Dorothy Lang, cook, Tahoe Lake school; Mrs. Alva Glenn, kitchen help, Truckee High School; Mrs. Elen A. Risden, library assistant; Mrs. Mary Holden, district clerk; Miss Jeanne Kessey, teacher, Donner Trail; Mrs. Phyllis Snyder, assistant library clerk; Armen Abrahamian, bus driver-custodian; Frank Alosi, arts and crafts teacher; Mrs. Dorothy Corbin, substitute teacher.

5—Employed Calvin Farley, formerly with Lassen High, as additional high school teacher for seventh and eighth grades math, biology and general science at a salary of \$5600.

6—Approved minimum day each third Tuesday of every month for meetings of Tahoe-Truckee Educational Association.

7—Directed Gordon Stafford, architect, to proceed with plans for additions to Kings Beach school in accordance with preliminary plan to utilize concrete brick block material.

8—Signed agreement with Washoe County, Nevada, for inter-district teaching and transportation of children attending the district schools.

9—Approved monthly letter to board of supervisors requesting crossing guards at high school and intersection of U. H. Highway 40 and Route 89 in Truckee.

10—Asked that opening of candy and ice cream bar at school be delayed.

11—Approved rental of Carpenters Hall at Kings Beach for school classes at a rental of \$120 per month plus utilities.

12—District Superintendent John Corbin granted permission to attend Governor Knight's traffic safety conference at Sacramento October 3, 4 and 5.

Reginald Smart, president of the board, presided at the meeting.

TRAIN STOPPED BY BOULDER ON TRACK

A westbound Southern Pacific freight train struck a huge boulder on the track just west of Boca at 1 p.m. yesterday and traffic over the line was delayed for about an hour while wrecking crews corrected the damage.

The rock slide resulted from the rain storm, the first of the season, loosening the boulders above the track.

The engine was not derailed and the damage was considered slight. No one was injured.

DONATIONS RECEIVED FOR LOCAL HOSPITAL

J. J. McGlade, administrator at the Tahoe Forest Hospital this week acknowledged receipt of three gifts to the hospital by grateful patrons. Supervisor J. Eugene McAteer of San Francisco, whose son, Timothy, was a patient there for some time, has sent a gift of \$100 to be used as needed. Mrs. Frances Revett Wallace of Crystal Bay, a frequent contributor to the local institution, has sent a check for \$20 and T. L. Chamberlain, Auburn attorney, who praised the treatment given him while in the hospital recently, has sent \$75 to be used in the employees' fund.

Inspection Trip—Slim Davis and Fred Cronemiller of the regional forest service office at San Francisco are making a complete survey of the Tahoe National Forest.

RAIN FALLS—The U. S. Forest Service reported this morning that the storm on Wednesday brought .36 of an inch of rain to this area. The moisture minimized the forest fire danger for the opening weekend of the season, but forest officials asked that caution continues.

It appears that said act shall have no effect as to the votes cast by all the voters for and against a state election as aforesaid, then the same shall have effect as hereinbefore provided, and shall be irrevocable until the principal and interest of the same shall be created shall be paid and discharged, and the Governor shall make proclamation thereof; but, if a majority of the votes cast for or against the act then the same shall be and become void.

Sec. 5. It shall be the duty of the Senate of this State to disseminate information relative to this act in accordance with Section 1, Article XXV of the Constitution. The costs of publication shall be paid by the Farmers' Farm and Home Building Fund of 1943.

THE BEST OF RIDES—FOR FOLKS OR FREIGHT

NEWS NOTES FROM TAHOE

By Naomi McLane
P. O. Box 195, Tahoma

Indian Summer

Now are the perfect days and the time to be able to see and enjoy them. Luckily for us "October weather" spills over generously and we have this best season of all—Indian summer.

On Hunting Trip

Carl Bechdolt, Jr. and his brother, Bill, Pete Vanni, Bob Pomin, Martin Spitsen, and Jay Shontz are taking advantage of the slacking of the summer season and are leaving today for a five or six day trip into the Hell Hole country for deer. Good hunting.

Golf Tourney

Truckee Lions and Tahoe City Rotarians met in battle on the golfing green at Tahoe City last Sunday, September 16, and who can tell whose head is most unbowed?

In the team play of club versus club, the Lions won by a score of 892 to Rotary's 908. Angelo Besio, a Lion, and Bill Bechdolt, Rotarian, tied at 70 in the low gross scores. Carl Bechdolt, Jr. of Tahoe City Rotary, came in second with a 74 low gross score, and Elden Tonini and Frank Gaiennie, both of Truckee, tied for third place with a score of 76.

In the low net scores, Jim Brehler was first with 61, and Dr. L. D. Nelson, second at 64, and Jack Ellis third with 65.

Fred Kehlet of Meeks Bay won the hole-in-one contest. It was a great day for both clubs and enough money was made to provide for an ice-making machine for the Tahoe Forest Hospital.

Veterans Picnic

Today Veterans of Foreign Wars from the Reno Hospital are being entertained at a picnic-party by the Women's Club of Tahoe City. An informal program is planned by the women who are bringing potluck for the picnic which is being

held at the Lakeshore home of Mrs. A. A. Snyder in Lake Forest.

PTA Meeting

Through my error it was announced last week that Tahoe Lake School PTA has had its first meeting. That is not the case. The first meeting, according to Mrs. Charles Nielsen, president, will be Thursday, September 27, at 4:20 p.m. Mrs. Nielsen says that the children will bring home notices as reminders of the meeting a day or two before but we do want all new parents and interested people to know the correct date. An executive meeting will be held at the school Monday afternoon, September 24.

Has Birthday Party

Jakie Obexer celebrated his eighth birthday Sunday afternoon with a party for his friends at the home of his parents, Herb and Edna Obexer in Homewood. Jakie takes extra pride in his birthday for he shares it with his mother—whose age we would not divulge if we could. Guests at the party were: Tom Rukkala, Jeff McLane, Dick Nielsen, Steve Horvath, Lanny

Poulsen, and Steve Topal. Herb took the boys out for a speed boat ride and they had the fun of seeing, from the lake, the Commodore Lake Tahoe-Sausalito flight land at Chambers Lodge.

New Caretakers

Mr. and Mrs. James Franklin are new caretakers for the last several estates down the Rubicon before Bliss Park begins. Jim has been working for Bert Anderson in Tahoe Park and Matilda has been cook all summer at Meeks Bay. We welcome them and hope they will enjoy their winter here.

Water Line

William Vernon whose good civic interests also go underground, announces the beginning this week of 1400 feet of cement asbestos water line to tie into the main system of Tahoe City. This will bring water to the new Bunker tract being developed by Charles P. Beardsly and Virginia K. Morrow. This tract, which was subdivided in 1946 and resurveyed this summer, lies at the top of Grove street and continues to the north.

To Palm Springs

Mr. and Mrs. S. T. Arndt will "follow the sun" as Mr. Arndt puts it, this October 1, and leave for their desert Palm Springs home. The Arndts are long-time residents of Tahoma and we wish them a good winter. Last year Mr. Arndt underwent major surgery which has not seemed to diminish his 86 years young constitution.

Close Shop

Mr. and Mrs. Tom Quinn have closed their Irene's Coffee Shop in Tahoma and have moved into their winter quarters at Melton's Estate at Tahoe Park. The Quinns have painted the coffee shop an attractive white-trimmed barn red.

Tahoe Items

Mr. and Mrs. Conrad Briner, well known Tahoe City couple are now living at Palo Alto where he is continuing his teaching study.

Mr. and Mrs. A. F. Sanford of Tahoe City expect to spend some time at Las Vegas, Nevada.

Lake Tahoe residents during the summer are returning to their homes throughout the state, including Mrs. Alice Brown of Tahoe Pines who is spending the winter months in Sacramento; Mr. and Mrs. W. R. Williams left Kings Beach for Pasadena. Mrs. Edna Marsden of Meeks Bay has returned to Laguna Beach; Mr. and Mrs. A. R. Specht and other members of their family who spend much of the season at Tahoma are again in San Francisco; Mr. and Mrs. John Neronde returned to Sacramento after a short time at Tahoe City and the Donald Robinsons destination from Tahoe City is San Rafael.

Mrs. William Reinhardt wrote that her address change is from Brockway to Pasadena, for the winter months.

NOTICE OF INTENTION TO ENGAGE IN THE SALE OF ALCOHOLIC BEVERAGES

To Whom It May Concern: Subject to issuance of the license applied for, and commencing not less than 15 days after the date posted, notice is hereby given that the undersigned proposes to sell alcoholic beverages at these premises, described as follows: Kingsdale Park, N/S of Hwy. 40, 3 Mi. W. of Soda Springs, Nevada County.

Pursuant to such intention, the undersigned is applying to the Department of Alcoholic Beverage Control for issuance on original application of an alcoholic beverage license for these premises as follows:

On-Sale Beer License

Anyone desiring to protest the issuance of such license may file a verified protest with the Department of Alcoholic Beverage Control at Sacramento, California, stating grounds for denial as provided by law. The premises are now licensed for the sale of alcoholic beverages.

TRUCKEE, CALIF

Tahoe-Truckee School District News

Third and Fourth Grades. Teacher, L. Farr. The third and fourth grades opened the social studies unit with a preparatory outline on "Rules for Listening." Already developments have been made to find facts and summarize these in both oral and written reports.

First Grade. Teacher, Miss Bean. Tahoe Lake first graders in Miss Bean's room decided on what they wanted to be when they grew up. Breezie Cross wants to be a soldier and policeman; Tommy Greg, an army man; Jimmy Henry, a cowboy; Erik Hendrikson, a contractor; Dwight Lang, a doctor and a soldier; Bro Shontz, a druggist; George Speeter, an ambulance driver; John Spitsen, a cavalry man; Skippy Scott, a policeman; Ruth Ann Dunn, a nurse; Denise Hendrikson, a mama; Dianne McBride, a mother, ice skater and ballerina; Diana Northcliff, a telephone operator; Larry Bunfill, an army man.

First and Second Grades. Teacher, Mrs. Beavers. We have 20 pupils in our second grade and 12 in our first grade. The second grade is reviewing combinations. The first grade is learning colors and color names.

Fifth and Sixth Grades. Teacher, Mrs. Helen Rauscher. The fifth and sixth grade have started a new adventure in social studies. They will learn how, why, and when the New World was discovered and how the discovery affected other people.

The following class officers were elected: President, San Fellows; vice-president, Danny Connors; and secretary-treasurer, Steve Horvath.

KINGS BEACH SCHOOL

Fourth, Fifth and Sixth Grades. Teacher, R. Bisio. Some 46 children were enrolled this year in the combined fourth, fifth, and sixth grades. This is the highest enrollment the school has ever had. Pat Dacus left Friday for his home in San Leandro. Pat is a regular member of the class but only for the first two or three weeks of the session. Twelve beautiful pelargonium plants were given to the school by a summer member of the community.

Second and Third Grades. Teacher, Mrs. Wing. Forty-one children enrolled in the second and third grades. Twenty-two boys and girls are in the second, and nineteen are in the third.

Bruce Draney left Tuesday for San Francisco where he was hospitalized in the Shriner's Hospital. Bruce will undergo surgery. We hope he will be back with us soon. Linda Garrow was seven years old Friday.

Mrs. John Corbin visited our classroom during art evaluation period Friday.

Kindergarten and First Grade. Teacher, E. Knudsen. This week we gained a first grader, but also lost one. Georgia Burris is our new first grader and Nancy Dacus left with

DEDICATES TEMPLE

EDGAR V. STEWART, JR.
Grand Master of Masons
in California

Edgar V. Stewart, Jr., of Los Angeles, grand master of the Masonic Lodge of California, officiated at the ceremonies of laying the cornerstone for the new Masonic Memorial Temple at Taylor and California streets in San Francisco yesterday morning. Laying of the cornerstone highlighted the 107th annual communication of the grand lodge of California which opened Monday. The week's activities will conclude tomorrow with the election and installation of a new corps of grand lodge.

her family for San Leandro. This leaves us with 18 children in the kindergarten and 15 children in the first grade.

Mr. Noel Hulbert invited our class to see his prize pigs at Tahoe City. On Tuesday, Mr. Christensen drove us to Tahoe City to see the pigs.

DONNER TRAIL SCHOOL

Kindergarten, First and Second Grades. Teacher, J. Kessey. The primary grades at Donner Trail Elementary School are learning about the importance of soil in growing trees and plants. These people are learning about color and design, about linear measure, and about getting along with one another. Members of the class are:

Kindergarten: Gregory Allison, Wally Carrasio, Dennis Hampton, Ronny Heikle, Don McGee, Joe Merica, Robert Robins. First Grade: Lynn Aro, Rowena Bailey, Eddie Timons, Michael Woodard, Debby Zorich. Second Grade: Rickie Bartucchi, Barry Cardwell, Linda Hensley, Pat Merica.

Third, Fourth, Fifth and Sixth Grades. Teacher, R. Bailey. Mr. Bailey's upper grade class at Donner Trail has organized a club. The club officers are: President, Albert Eberhardt; vice-president, Tommy Terkildsen; secretary, Bruce Bailey; secretary, Carl Shusky; entertainment chairman, Candy Board; sergeant of arms, Bradley Heckle and Ronald Bailey.

TRUCKEE ELEMENTARY SCHOOL

Kindergarten. Teacher, Dee Osborn. Our first project was a win-

Letters To Editor

Dear Editor:

We wish to express our heartfelt thanks to our many friends of Truckee and the Lake Tahoe district for their generosity in our Salvation Army annual 1956 campaign fund appeal; to the Sierra Sun for the generous time, space and excellent publicity; to the Chamber of Commerce, civic and enforcement departments for their veteran organizations and the law support, and to the loyal committee for their cooperation and generosity.

Altogether they have made a successful 1956 campaign, beyond the quota of former years.

Special commendation awards have been presented to N. F. Dolley, chairman and Walter M. Barrett, editor of the Sierra Sun, for their excellent administration in carrying on the Salvation Army programs since 1938 when the founder, Mr. N. J. Good and Captain Berry established the service extension division, the civilian corps of the Salvation Army. Altogether, friends of this area, your support is an expression of faith in the Salvation Army ideals to aid humanity at the location and time of need.

On leaving you all this year for other assignments, I am taking with me beautiful memories of your hospitality and friendships.

J. D. HERBERT

Food sales in California average about \$3.8 billion annually.

Recent Publicity Does Not Tell Story Of Aid To Needy, Dept. Says

SACRAMENTO — Certain concepts and misunderstandings about the state and federal aid to needy children program were not borne out by a recent report compiled by the state department of social welfare, which is now being distributed to welfare agencies and other interested organizations.

The large amount of publicity about deserting fathers, broken families and the need for help for children has diverted public attention from the purpose and accomplishments of the program. The

King gave a talk on Chief Truckee.

Fifth Grade. Teacher, O. Tiffie. Map study, dictionary of geographical words and the Old World have been the topics of study in social studies. We welcome Susanna Sciuto, Bruce Strickler, Daryl Androus, Sandra Balsavage, Ronald Bock and Ellen Lyons to the fifth grade. In class election Wednesday Dianne Cardinal was elected president; Richard Sorani, vice-president; Leilani Braasch, secretary-treasurer.

Sixth Grade. Teacher, R. Roberson. Our class has 38 pupils enrolled. The new children in our room are Sheryl Swanger, Susan Boyer, Keith Holden and Patricia Saarni. We are doing much reviewing of fundamentals in language, arts and arithmetic. We are concentrating on neatness and penmanship in all our work.

objective is to care for the children of needy families whatever the cause might be: illness or incapacity of parents to properly support and educate the children, imprisoned or deserting parents, or homes broken up for one reason or another.

The majority, or over 78 per cent, of the children are 12 years of age or less; approximately 15 per cent are from 13 to 15 years old; and only six per cent between the ages of 16-17.

A little known fact is that the majority of the mothers in the report do not work because they are unable, for various reasons, to work. Where work is available and family circumstances or the care of the children permit, the mothers do work. Most of the mothers in question are under 40 years old.

Very few of these families have property except personal effects and most of the income is received from absent parents, occasional earnings of the mother, and old age and survivors insurance.

In answer to the often put question of whether families stay permanently or for long indefinite lengths of time in the program before being economically rehabilitated to responsible citizenship status, the survey showed that the median time on aid is slightly less than three years and six months.

For the 1915 Panama Pacific International Exposition at San Francisco, Oregon installed a single fir log as a flag pole; it was 234 feet high.

PLACER JUDGE IS SPEAKER AT ROTARY

KINGS BEACH—Summer is gradually coming to a close as evidenced by the diminishing number of visiting Rotarians who are making up their attendance at the Rotary Club of Brockway. President Pappy Brooks, presiding at the Monday night meeting of the club welcomed visiting members from the clubs of Tahoe City, Hollywood, Los Gatos, Lancaster, South Lake Tahoe, and Catalina-Tucson.

The meeting was turned over to Program Chairman Leon Barker, who in turn asked Hank Dodd to introduce the speaker of the evening, Leland Propp, superior judge of the Placer County superior court. Judge Propp's subject: "The Court System in General," was an explanation of the functions of the courts, which was most enlightening to all of the members.

Saturday night, September 22 will be ladies' night, when the club will have the annual get-together meeting with the West Sacramento Club. An hour's cocktail party between seven and eight o'clock will precede the dinner.

Second Hearing Is Set For Tahoe Zone Plan

AUBURN—The county planning commission has set October 2 for the second hearing on the request of the Fulton Estate Company for the rezoning for commercial use of 23 acres of Lake Tahoe land.

John Fulton, firm secretary, appeared before the commission yesterday during the first hearing on his petition to describe where the land is situated. He asked the land, located nearly midway between Tahoe City and Kings Beach on State Highway 89, be rezoned from residential to commercial.

Fulton said if the commission approves the rezoning, the first commercial structure to be built would be a motel. The acreage is on both sides of the highway for nearly one half mile.

California has one-fifteenth of the areas now comprising the national park system.

TEACHERS MEET AT TAHOE IN INSTITUTE

KINGS BEACH—Three hundred members of the California Teachers Association last week held their seventh institute with an address by President Jack Rees, superintendent of the Hayward school system.

Describing California's school problems and the teaching profession's problems as dominated by rapid population growth, he pointed to 1965 and predicted this state would have 4,000,000 children in the public schools.

H. E. Winterstein, Sacramento educator, led the program which will close with an address by Martha Shull of Portland, Ore., president of the national education association.

S.P. WILL SELL AIR TICKETS IN TRUCKEE

Sale by Southern Pacific of United Air Lines tickets, the first such arrangement effected in the country between a railroad and airline, will start about October 1, SP announced today.

Truckee is one of the SP stations where the airline tickets and flight information can be obtained, according to C. O. Olsen, passenger traffic-public relations manager for the railroad in this area.

SP will handle airline sales at about 130 communities in California, Oregon and Nevada where United has had no office or representation.

In explaining the arrangement with United Air Lines, Claude E. Peterson, SP's vice-president of passenger traffic—public relations, pointed out that SP always has provided travelers with information about stamships, buses, sightseeing tours, resorts and hotels.

"Now we are pleased to add air travel to this list," Peterson said. "We think it is a good example, too, of broadminded cooperation between two forms of transportation to better serve the public interest."

The wholesale value of San Francisco's apparel industry production is nearly \$100 million.

"DRIVING THROUGH THE YEARS"

The Story of The Motor Car

Names You've Known—Some Forgotten

OVER THE YEARS, MANY A PROUD INSIGNIA MARKED THE FRONT OF THE AUTOMOBILE. OF 1,500 MAKES OF CARS IN THE PAST HALF CENTURY, ONLY A FEW REMAIN.

RECALL SOME OF THEM---

THE APPERSON, THE HAYNES, AND THE LOCOMOBILE;

OR THIS ONE* WHICH JACK BENNY KNOWS SO WELL, OR OTHERS LIKE THE STANLEY FOR WHICH "NO HILL WAS TOO STEEP"---

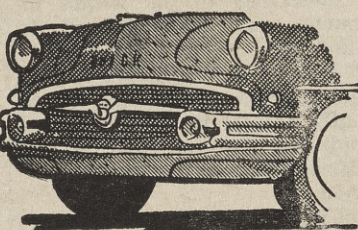

OR THE PEERLESS AND THE WINSTON.

THEN THERE WAS THE HUMPHREY, THE MARMON.

AND MANY OTHERS.

BUT AMONG THE FEW THAT REMAIN FROM THOSE EARLY BEGINNINGS, YOU'LL PROBABLY REMEMBER BEST, ALL

THROUGH THE YEARS, THE DEPENDABLE, THE SMARTLY-Styled, THE FASHION CAR OF TODAY, THE LUXURIOUS BUICK REPRESENTED BY THIS EMBLEM.

TRADEWINDS WILL CLOSE SUNDAY AS SEASON IS ENDED

KINGS BEACH—The Tradewinds, popular for its famous Chinese dinners and South Seas drinks, is closing for the season on Sunday, September 23, Joe Ross, the owner and operator, announced. Ross, who will immediately enjoy a well earned vacation, says he will reopen just as soon as possible next spring and expressed appreciation for the increasing patronage enjoyed by Tradewinds this summer.

DAMAGE AT LAKE IS BLAMED ON THIEF

Washoe county sheriff's deputies at Crystal Bay, Lake Tahoe, are investigating a summer home burglary in which a thief had \$500 damage to get a single snub-nosed revolver. Deputies said the breaking-in occurred at the home of Dr. Thomas D. Wyatt. Although all three floors of the summer retreat were ransacked, and \$500 damage done, the only loot appeared to be a .38 caliber revolver.

School Bus Safety Is Motorists Responsibility

SACRAMENTO—School bus safety is the responsibility of every motorist says the California Highway Patrol. "School buses have started rolling, carrying our children to and from school," Patrol Commissioner B. R. Caldwell reminded today, "and accident free driving by school bus drivers will require full attention to the law by all concerned."

"The law requires motorists to stop and not pass standing school bus when the two red lights on top of the bus are flashing," Caldwell emphasized. "Although, it is not necessary to stop before passing a stopped school bus when

THE BURCHS SOLD AT KINGS BEACH

KINGS BEACH—Mr. and Mrs. Snowden Burch have sold The Burchs at Kings Beach to George and Ruth Burris of Long Beach who have arrived to take over their new enterprise. They plan to stay at the lake the year around and have started one of their two young daughters in school here. The Burchs plan to leave soon for Phoenix where they will spend the winter.

Supervisors Approve Loan To Pay Bills

NEVADA CITY—Approval was given last week by the Nevada County Board of Supervisors to borrowing a sum of \$75,000 on a tax anticipation note to help pay the bills until the taxes come in later this year. They voted to put the note out for bid. Remainder of the funds needed to carry the county over until tax revenue is in will be borrowed from the general reserve. The board voted unanimously to borrow another \$75,000 from the general reserve for the general fund and an additional \$4000 from the general reserve for the salary fund.

LAKE LEVEL

TAHOE CITY—With three gates open, the level of Lake Tahoe Monday was 6228.39 feet. Temperatures have ranged from a cool 35 to 63 during the week. A light rain was falling Wednesday throughout the area.

no red lights are flashing, it is prudent to be prepared for any unexpected move by the children getting on or off the bus.

School bus drivers are permitted to use the flashing red light only when children must cross the highway," he continued. "With school starting, all of us should be mindful of the school bus law and help keep our children alive. Always expect the unexpected of school children."

STRICTLY STRICKLAND

By Bill Strickland

The Veterans day breakfast and the American Legion sponsored progressive dinner were discussed at the last Legion meeting, and received a favorable reaction from all Legionnaires present. Present plans call for meeting at the Legion clubhouse at Soda Springs. If it can be arranged, chartered buses will be used from thereon. First stop, Nyack Lodge, then back up the Hill to Rancho Sierra Inn. From Rancho Sierra to Key & Esther Heimbach's Rainbow Tavern, then Donner Summit Lodge, Beacon Hill Lodge and finally terminating back at the Legion Hall. We plan on having this dinner during the middle of the week; so all the business firms can share in the fun. It will serve as a get-together for everyone and a means for all to "Meet Thy Neighbor." I sat down the other night to make a count of the people on our mountain top. I came up with 183 that I know. There must be another 75 or 100 that I don't know; so everyone up here will have an opportunity to meet their neighbors and friends, as well as make new acquaintances. If you local people on the mountain top have any ideas on this wing-ding, drop me a postcard here at Soda Springs, and tell us about them, will you?

The Veterans day breakfast will be held this year at Donner Summit Lodge. It is, as always, a stag affair for all veterans and Legionnaires. In the past, breakfast has been served anywhere from 8 a.m. until 2 p.m. We remember one outing that supplied breakfast three days in a row. So as you can imagine, they are a lot of fun.

Operated Charlie Secco's station for him, over the weekend, while he made a hurry up trip to San Francisco. Practically everyone that stopped asked me about the big semi that was off the highway just through the pass going east. I wasn't of much help in answering their questions, so I took a ride up to see firsthand. From what I observed, there was one very lucky driver. He certainly had someone's hand on his shoulder.

I've had an opportunity to talk to quite a few deer hunters these past few days. The bow and arrow variety, that is. We've heard of people having narrow escapes from bullets zinging over their heads, but now, unless a lot of care is used, you may have your hat lifted and impaled to a tree trunk by an arrow—shades of William Tell, without the benefit of an apple.

HIGHWAY PATROL GETS SAFETY AWARD

SACRAMENTO (CNS)—The California Highway Patrol received safe driving awards, and a plaque for an outstanding fleet safety record from the International Association of Chiefs of Police during the 63rd annual convention of the organization held in Chicago. The awards were accepted by B. R. Caldwell, patrol commissioner, who is attending the convention. In the award group was a second place for the city of Arcadia, in Los Angeles county, in the small municipal fleet division.

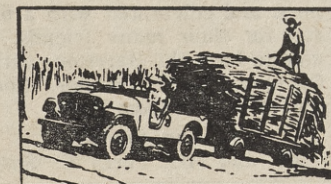

One of the nation's oldest amateur athletic organizations is San Francisco's Olympic Club.

EXTRA TRACTION. With the all-wheel traction of its 4-wheel drive, the Universal 'Jeep' travels through mud, sand, soft earth.

MOBILE POWER. With power take-off, it provides power to operate trenchers, winches, and many kinds of farm and industrial machinery.

TOWING. Towing heavily-loaded trailers—on or off the road—is easy for the 'Jeep', with the extra traction of its 4-wheel drive and low gear range.

HAULING. The 'Jeep' carries up to a half-ton of cargo or up to seven passengers. Takes tools, equipment and workers wherever you need to go.

Only the 'Jeep' does all these jobs!

The time-tested Universal 'Jeep' spreads its cost over jobs like these and an almost endless variety of others every day of the year. This versatile vehicle gives you additional savings through long life, low upkeep and high resale value.

While you're watching the big match—

What makes a glass of beer so right?

● Here in California, sports are traditional. If we're not actually taking part in a game or match we're watching the action on TV—with a friend or two perhaps, to help us root for our favorites over a good cold glass of beer.

Beer's the refreshment you'd naturally expect to find served at a gathering like this. Light, bright, and friendly—the beverage of moderation—beer and ale are brewed especially to fit in with the relaxed pace of the California way of life.

Beer belongs to California living U. S. BREWERS FOUNDATION

I get fast cold-weather starts thanks to the Standard Man

With the new Chevron Pressure Primer System on your tractor, truck, or other heavy duty equipment, it takes just two or three seconds to get fast, sure starts. Chevron Priming Fuel in handy, small pressurized steel cartridges, a simple discharger mounted near driver, and a few feet of tubing make up the easy-to-install Chevron Pressure Primer System.

A one-man operation, the Chevron Pressure Primer System is safe and economical, costs just a few pennies per start. And it more than repays its low cost by saving your batteries and reducing crankcase dilution. To avoid ice-clogged fuel lines, be sure to add a little Chevron Ban-Ice fluid in your engine fuel tank.

MEMBER FEDERAL DEPOSIT INSURANCE CORPORATION

Truckee Branch

Lee H. Apple Manager

WHY HENRY'S BUDGIE SAID "BUDGETS ARE FOR THE BIRDS!"

He'd been hearing Henry fuss and fume when bills came in—bigger than expected. But then Henry opened a checking account at our bank, started paying for everything with Bank of America checks, and used his check stub record of past expenses to predict his future expenses more accurately. A Bank of

America checking account can help you, too, plan a better budget. You'll find it more convenient and economical to pay bills by mail, with Bank of America checks. Why not drop in and let us tell you about our regular and Tenplan checking accounts?

\$300 FOR ONLY 20¢?

Yes, at our bank you can buy Bank of America money orders for any amount up to \$300 for only a 20¢ service charge. (Postal money orders, for example, cost you 25¢ for \$25, 60¢ for \$150, \$1.05 for \$300.) Not only that—if you want to send someone money for a present, we'll give you an attractive gift envelope for your Bank of America money order at no extra charge!

B of A Quiz Corner

DID YOU KNOW THAT if you move to some other city in California we can save you a lot of bother? Bank of America has nearly 600 branches throughout the state, and wherever you go there's sure to be one nearby. We can simply transfer your account and banking records to that branch, so you'll already be an established Bank of America depositor in your new home town when you arrive there!

DID

85% of all accidents are caused by only 15% of the drivers in the United States.

YOU

STATE FARM keeps its auto insurance costs low by aiming to insure only the careful, "less expensive," drivers.

KNOW

You may save as much as 40% of the cost of ordinary auto insurance by buying STATE FARM.

It pays to know your STATE FARM Agent

NORTH TAHOE

By JUDGE HARRY CHARRISON

Arrival

Just had a hello from Rev. and Mrs. Anson B. Covher, announcing the arrival of a baby son who says: My Mom and Pop are both so proud,

And brag so much about me I really wonder how on earth they ever did without me. Kerry Lee, born September 6, 5 pounds 4 ounces at Del Paso Heights, Calif.

Tahoe Twilers

According to Sophie Levra the Square dancers of all clubs from

Susanville to Auburn had a delightful meet at the Carpenters Hall in Kings Beach. Fifty members from 19 clubs took part. It was a wonderful day and no less than seven callers took part in the dances. A delightful dinner was served by Taylor's Steak House which has been very popular all season.

Possession

Saturday the Sam Harrisons took possession of their home which they purchased from the O'Connors, and celebrated with a barbecue for their many friends. It is nice to have the Harrisons with us. Oh, yes, Sam's brother, George, was there too, from Reno.

And Another

Mr. and Mrs. Perry E. Spaman

and Mr. and Mrs. Stan Young who hail from Berkeley, have purchased the home of the Williams and Miedemas on the golf course. The sellers will sure be missed, although I understand Wynan Williams has already purchased more property upon which he intends to build in early spring.

New Fire House

Well, three cheers. I see the cement blocks have arrived and it looks as though the new fire station will be a reality in the near future. The location, if you do not know, is just around the corner from the highway on the Truckee short cut, a wonderful location. Another good feature is that the North Tahoe Fire Control officers have been able to purchase the lot directly to the rear, which will enable the equipment to enter from both streets.

New Porch

Lloyd Barnes has been busy all the week building a large porch in front of the guest house. Talk about a wonderful barbecue pit, the steaks were wonderful. Lloyd being an old army cook, he sure knows how.

Skylandia

Millie Chastain tells me that during the past week, Skylandia conference of the Methodist churches was held at Lake Forest. Rev. Osman from Truckee and Rev. A. B. Covher were guests. The affair lasted three days and there were good eats. I understand Mrs. Mary Abbott cooked three or four turkeys assisted by other ladies of the local W.S.C.S. According to Millie it was a big success and about 80 ladies attended during the sessions. All were from Northern California and Nevada.

Here We Go Again

Ed Francis of the utility district has bought the home of Casey Jones on the golf course road and Dave Ashton has been doing some remodeling. It is a very fine home and we, as neighbors, welcome Ed and his good wife, who are from Missouri—and we can show them.

Bus Driver

Yes, indeed, Carl Christiansen is driving the Kings Beach school bus for the elementary school. One report in the news did not mention his name, and I had many inquiries whether he was or not. Since seeing him on the job we know it's so, so all the mothers are happy. That shows what confidence in a man means.

Beautiful

To all of those that have already left this paradise, the weather is just as perfect, as it is every year, a comfortable 35 degrees in the morning and around 67 in the daytime. Ain't that sumptin'. No place in the universe has anything like it, and this season as far as building is concerned is going to be the biggest ever, winter or no.

Superior Judge

Leeland J. Propp, judge of the superior court of Placer County, and a candidate for reelection in the November election, was a visitor at North Tahoe during the past week. Lee visited the Brockway Rotary and the Lake Tahoe Lions clubs, besides visiting with his many friends here and in Tahoe City. He has been doing some outstanding work in the court.

Tel & Tel

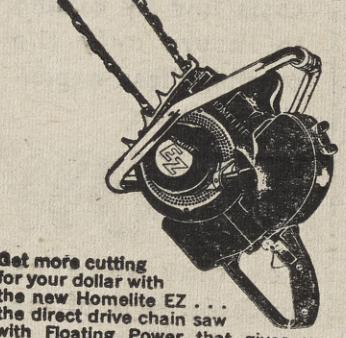

Now it's the Pacific Tel & Tel that is going to tear up the road through Kings Beach. The cables will be underground, another step forward by the T & T and what an improvement, especially for the bad weather.

Golfing

It's lots of fun watching the golfers, especially those riding around the course, but we saw a couple of ardent golfers (ladies) walking up

NOTICE OF INTENDED SALE

TO WHOM IT MAY CONCERN:

Notice is hereby given that on Monday, October 1, 1956, at the hour of ten o'clock in the forenoon of said day, David Agaba, whose address is P.O. Box 1207, Truckee, California, intends to sell to Elmer M. Hall and Frances Mae Hall, whose address is General Delivery, Truckee, California, the following described property, to wit: All of those cafe and restaurant supplies, fixtures, inventories and equipment, situated at the Snack Shack, which is located on the North side of Highway 40, approximately 1 1/4 miles West of Truckee, California;

That said sale will be closed and consummated, and that the agreed purchase price and consideration of said sale will be paid on the above date and hour at the offices of Berliner & Wetherall, 232 Broad Street, Nevada City, California.
Dated: September 17, 1956.

DAVID AGABA
(s20) Intended Vendor

the fairway with sunshades. The temperature was at 65 degrees.

Speed Limit Established In Pineland At Tahoe

Establishment of a 40-mile-an-hour speed limit along a short section of State Sign Route 89 through the community of Pineland at the west end of Lake Tahoe in Placer County, was announced today by the state department of public works.

The north end of the new speed zone connects with an existing 35-mile zone through Tahoe Park. Reduction of the speed limit from 55 miles an hour was recommended by State Highway Engineer G. T. McCoy following an engineering and traffic study by the division of highways. The California Highway Patrol concurred in the recommendation.

The change will be effective with the posting of signs, probably within a week.

Proposition 8 On Ballot Would Provide Relief To Unincorporated Area

SACRAMENTO (CNS) — California's tremendous growth, coupled with the fact that much unincorporated territory is changing into subdivision with a resulting concentration of population outside the areas of incorporated communities, has created a major local government problem.

Proposition 8 on the November 6 ballot seeks to help control this problem by permitting the formation of a borough form of government outside of incorporated territory.

This now is prohibited, but cities may form a borough government if they so desire.

The proposed measure permits provisions in county charters for the establishment of the borough system for the whole or any part of unincorporated territory, whereby the borough could handle its own governmental affairs.

The proposition is the result of much of the bickering that has gone on in the state legislature for the past several years over annexation matters. It is sponsored by Assemblyman Frank Lanterman, La Canada, Los Angeles county, who has been an outspoken opponent of the policy of cities to add more territory and swallow up new subdivisions without providing services given older parts of the city.

"Unlimited expansion of municipal government is no long range solution to metropolitan growth," Lanterman says in his argument in favor of the proposition.

A county borough, he points out, would not be another form of local government, but would be a subdivision of county government in the same form that a city borough is a subdivision of city government.

This form of government, Lanterman says, could be the means of consolidating overlapping district governments with better integration of services and simplification of boundaries and tax code areas, at a substantial reduction in taxes.

It also could provide a more orderly growth pattern of suburban metropolitan areas, short of annexation or incorporation.

Assemblyman Earl W. Stanley, of Orange county, who for nine years has been the chairman of the committee on municipal and county government, opposes the measure.

He says it should be defeated because it will require additional property taxes, provide a new and expensive level of government and increase rather than decrease the number of governmental units.

GOVERNMENT COSTS IN STATE SHOW RISE

SACRAMENTO (CNS) — Governmental cost expenditures for the month of July totaled \$52,506,119, which was an increase of \$8,681,187 over the same month of 1955, or 19.81 per cent, according to information released by State Controller Robert C. Kirkwood.

Miscellaneous fixed charges and appropriations, aid to the needy aged and aid to the needy blind accounted for the primary items of increase on governmental expenditure, he said.

The controller said the state's general fund revenues amounted to \$33,220,963, or a decrease of \$6,776,463, which is 16.94 per cent under the corresponding period of last year.

The decrease, however, is not significant, the controller said, as it is attributable largely to operation of the new county sales tax that has slowed clearance into the treasury.

Dividends from the retail sales tax, the liquor tax, pari-mutuel fees and the inheritance tax were off, while increases were shown on investments and treasury deposits, royalties and other revenue from state lands, the personal income tax, bank and corporation franchise and income taxes and the gift tax.

within the state.

Stanley contends that borough commissions would pressure the supervisors of a county to the point where they would be thinking in terms of the boroughs, rather than in terms of the county as a whole.

The measure is unnecessary, Stanley says, as counties can now have established offices in communities outside of a county seat.

"Overall county needs would suffer," Stanley said, "and taxpayers would be called upon to pay for expanded services demanded by the borough commissions."

Hunters Asked To Study Either-Sex Definition

Hunters planning to participate in the either-sex shoot during the final three days of the coastal and late deer seasons in designated areas are reminded of the definition of antlerless deer which applies during those two periods.

For the three-day antlerless seasons (September 14, 15 and 16 of the coastal season and October 26, 27 and 28 of the late season), any deer which is less than a forked horn falls within the definition. The B tag must be attached to the animal's ear. Only one such animal may be taken.

HUNTERS WARNED ON STATE BOUNDARY

Deer hunters who plan to seek game along the Nevada state line were warned today to check their location carefully to avoid possible conflict with Nevada regulations.

California and Nevada fish and game personnel recently reported the border to aid hunters. Law enforcement officers of both states have been ordered to check closely for violations. Persons crossing the state line into Nevada to hunt must possess a valid license of that state and comply with all regulations.

Since the open seasons do not coincide in all sections and because Nevada hunting regulations differ in some respects from California's, hunters planning trips into state-line areas are urged to familiarize themselves with these differences to avoid disappointment and possible citations for violations.

NOTICE TO CONTRACTORS

NOTICE IS HEREBY GIVEN that the Governing Board of the Tahoe-Truckee Unified School District, Placer and Nevada Counties, State of California, hereinafter referred to as the "Owner" will receive up to, but no later than 5:00 P. M. on the 9th day of October, 1956, sealed bids for the award of a contract or contracts for removing trees, clearing and grading Kings Beach School grounds, the site being located at Kings Beach, California. Such bids shall be received at the office of the Superintendent of Schools, Tahoe-Truckee High School, Truckee, California and shall be publicly opened and read aloud at the above stated time.

In accordance with the provisions of Articles 1 and 2 of Chapter 1, Part 7, Division II, of the Labor Code, and Local Laws thereto applicable, the Owner has ascertained the general prevailing rate of wages in the locality in which this work is to be performed, copy of which rates are as follows:

Classification	Hourly Wage Rate	Legal Holidays and Overtime
Laborer	\$2.42½	*
Power Grader, Power Planer, Motor Patrol or any type Power Blade	3.25½	*
LeTourneau Pulls Jeeps, Terra Cobras, LaPlante Choate, and similar types of equipment)	3.25½	*
Tractor Operators	3.09½	*

*OVERTIME: Regular—Time and one-half

Sundays and Holidays—Double time

Each bid must conform to the requirements of the plans and all other documents comprising the contract documents. The Contract documents may be examined and copies obtained at the Office of the Owner, Tahoe-Truckee High School, Truckee, California.

No bid shall be considered unless it is made up on a form provided by the Owner and accompanied by the certified check, cashier's check or bidder's bond for 10% of the amount of the bid, made payable to the Owner. The above-mentioned checks or bid bond shall be given as a guarantee that the bidder shall execute the contract if it is awarded to him in conformity with the contract documents and shall provide the surety bond or bonds required within five (5) days after notification of the award of the contract to the bidders.

The successful bidder will be required to furnish a labor and material bond in an amount equal to fifty (50%) percent of the contract price, and a faithful performance bond in an amount equal to one hundred (100%) percent of the contract price. Said bonds shall be secured from a Surety Company satisfactory to the Owner.

The Owner reserves the right to reject any and all bids and/or waive any irregularities or informalities in the bidding.

Dated this 11th day of September, 1956.

Mother Is Guest—

Mr. and Mrs. Frank Gaiennie had his mother, Mrs. C. G. Brown of San Francisco as their guest for two weeks.

Duck Only Fatality In Series Of Wrecks

The only major casualty resulting from the wreck of a car driven by James Hale, 15, Reno, six miles south of the Tahoe Truckee Wye on State Route 89 Sunday morning at 4:30 o'clock, was a baby duck.

Arthur R. Bellis, 19, Reno, was taken to the Tahoe Forest Hospital for examination but was not detained there although he and his companions, including two other teen aged boys were held for investigation after it was discovered the plates on the car did not belong to the vehicle.

The duck, a prize from the Washoe County fair at Reno, was in the rear seat when the car went out of control on a curve and overturned several times. The duck was killed. Patrolman Carroll Maynard made the investigation and cited the driver.

A spectacular accident which left a huge produce truck and a trailer hanging in air over the edge of Highway 40 between the Donner bridge and the summit occurred Saturday night at 9:25.

The driver, Edwin A. Lewis of Millings, Mont., was cited by Patrolman Maynard for using faulty equipment after the truck got out of control. The driver leaped from the vehicle as it careened toward the precipice and was not hurt. The truck undercarriage caught on the sharp ledge and was suspended over the highway edge.

Frank V. Melendes, North Highlands told Patrolman William Gautsche he attempted to avoid a collision with another car six miles east of here and lost control of his vehicle in loose gravel and struck a big rock. He was not injured.

Lewis Lathrop, Cambrian Park and John Buller, San Jose, were treated at the hospital here after the motorcycle they were riding hit loose gravel six miles east of Truckee and was wrecked. They were cited by Patrolman T. F. Sheehan for driving without due caution.

SEASON FOOTBALL TICKETS GO ON SALE

Director of Athletics Jim Brehler announced this week that football season tickets for the Tahoe Truckee High School Wolverines' four home games have gone on sale this week. The price of the ticket has been set at \$3, thereby allowing the buyer to save the price of one game when purchasing a season ticket. Regular price of all games is \$1 for adults. High school students with student body cards will be charged 25c, while elementary students will also pay 25c. High school students, in accordance with a league policy, will be charged regular adult prices for all games in the Western Nevada Conference this year.

Football season tickets are being sold by members of the 1956 Wolverine varsity football squad, student officers, high school faculty members and all members of the senior class of the school. Each card will be numbered and registered, and will entitle the holder to sit in a special reserved section of the bleachers for all home games.

The four home games scheduled for the Wolverines include Winnemucca on September 29, Carson City on October 6, Stewart on October 27 and Loyalton on November 10. All home games will be on Saturday and will start promptly at 2 p.m. Tickets will remain on sale until September 28.

NOW IN SOUTHLAND

Word has been received by Mrs. Ernestine Solaga that her daughter, Yvonne Hughes and young son, Johnnie, are now in Blytheville, Ark., where Hughes is stationed with the U. S. Air Force. Hughes recently returned from England where he spent the past 20 months with the USAF.

Continues Study—

Miss Sandra Snyder left for San Jose State College where she is continuing her education.

CHURCH NOTES

Rev. Osman continues his series of messages on the general area of "The Word's of Jesus About Himself." The title of the message this Sunday at 11 a.m. will be, "I Am the Door . . . and the Way."

This Saturday the members of the Methodist Youth Fellowship will attend an MYF rally at the First Methodist Church in Reno. The rally will begin at 3 p.m. and close with a supper. Rev. Osman is asking that both young people who want to go and parents who can take a car should call him at 233 immediately to make arrangements.

NOTICE

After September 13, 1956, I will not be responsible for any debts or other obligations contracted by the Lucas-Stevenson Chevron Station at Kings Beach.
